

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement accuracy since 1959. The Lull telehandler could really help make the work easier and faster, whether the task entails positioning heavy steel, landing loads on scaffolding or transferring loads. These units are available along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can provide eighty inches of boom travel for precision placement functionality. There are even numerous optional Lull attachments for their telehandlers so as to help finish whichever work.
