

## Fork Mounted Sweeper

Fork Mounted Sweepers - This attachment actually makes industrial sweeping tasks much easier to finish. The handy lift truck mounted broom is meant for use with either dry or wet material clean ups. It could squeegee water and push snow easily. This particular attachment is normally used in order to clean debris from docks, parking lots, warehouses, construction sites and almost anywhere it is needed. The forklift sweeper is a low maintenance attachment which uses quick-tite blade products to effortlessly mount to the forklift.
